

Dear young colleagues,

we would like to draw your attention to the famous Krainev competition (this year on the Internet due to COVID). In 1992 Vladimir Krainev has founded the International Competition for Young Pianists in Kharkiv, Ukraine and now the competition will be held for the fourteenth time.

Plato stated: "Music gives a soul to the universe, wings to the mind, flight to the imagination and life to everything." Despite of all the obstacles let us fly on the wings of inspiration!

Our colleagues in Lithuania will help and cooperate with the online competition organisational matters. We guarantee, that all the high standards of our Competition and EMCY Jury work – such as professionalism, objectivity, transparency, etc. - will be fully maintained. We'll do our best to organise this online Competition top-level and are as well looking forward to see and hear you in the 2022 anticipated live event.

Because we all face the difficulties of music life and it is sometimes difficult to record due quarantine, we have **decided that registration for the competition runs until February 22, 2021, with the last day to upload recordings on February 25.**
